SUMMARY

I am a passionate IT enthusiast willing to learn new and challenging things. Demonstrating an eagerness to delve into new technologies and methodologies, a young learner with a fresh perspective and an insatiable curiosity for the job. With a thirst for knowledge and a drive to excel, this intern embodies the spirit of growth and innovation within software engineering.

PROJECTS

Telegram Personal ChatBot

Personal Project

- Called free API to fetch data from many API service providers to feed the bot and send the information that I need daily.
- Used web scraping and programming techniques to process data is scraped from websites (eg. scrape my favorite crypto price).
- Embed Google Gemini LLM API to the chat bot and tailor the LLM to a character to talk with when I bored.
- Hosted the Python script run 24/7 on AWS EC2 and execute Python function on AWS Lambda daily.

Gym Center Management

School Project

- Participated in a team of 5 to build a Windows desktop software that manages gym membership and equipment.
- Implemented BunifUI & Guna frameworks to achieve better-looking and modern design.
- Used SQL server to store application data, ADO.NET framework to pull data from the database to the user interface.

EDUCATION

Bachelor of Engineering in Information Technology

HUTECH University • 2021-2025 • GPA: 3.28/4.0

CERTIFICATIONS

The Complete Web Development Bootcamp

Udemy • 2024

- A comprehensive course offers up-to-date materials for Web development.

IELTS 6.5

British Council • Issued Oct, 2022

• R: 6.5 L:7 S:6.5 W:6

SKILLS

Programming languages: Proficient in Python, Javascript, C#, etc.

Frameworks and technologies: Familiar with React JS, Express JS, TailwindCSS, etc.

Database Management Systems (DBMS): SQL Server, PostgreSQL, MongoDB, etc.

Version Control Systems: Git, GitHub.

Operating Systems: Windows, Linux.

Soft skills: Problem-solving abilities, Analytical thinking, Communication skills (both verbal and written), Teamwork and collaboration, etc.

EXPERIENCE

Teaching Assistant

Apollo English

March 2023 - December 2023

- Assisted foreign teachers during class hours with various tasks such as helping them understand their Vietnamese students and vice versa, leading classes during test periods, and setting up electronic devices before class occurs.
- Offered students who are struggling with their current class materials to catch up with their peers.
- Gained work experience in an enterprise environment and my communication skills have improved when working with co-workers and supervisor.
